

## Upcoming Events and Important Information...

### *Fall Conferences and "Report Cards"*

If you have a conference scheduled, you will get your child's assessment and other information at conferences. If you do not have a conference scheduled and have requested a take home packet, you will be getting your assessment, some sample work, and his/her "report card" in a special folder that will be sent home tomorrow (Thursday 10/22). Please look for this folder in your child's backpack. On the report card if a line is left blank that means we have not tried or practiced that skill at school. Please let me know if you have any questions regarding the information that is sent home.

### *Halloween Party*

A note will be going home tomorrow about our Halloween party that we will be having at school. The party is next Thursday, October 29th. Preschoolers are allowed to come dressed in costumes. Please make sure your child can use the bathroom easily in his/her costume. We don't want any potty accidents. Preschoolers are not allowed to bring in Halloween treats to share with classmates due to COVID restrictions.

### *Cold Weather Clothes*

Just a reminder with the colder weather here please remember to have a warm jacket, hat, and mittens for your child everyday so we can enjoy some outside time. Also if there is snow on the ground, please make sure your child has boots and snow pants as well. If possible, it works best if you have your child's outdoor clothing, especially boots and snow pants, in a separate bag (the reusable shopping bags work best). This way when we put school work in his/her backpack it doesn't get ruined from the winter clothing. The little white baskets on top of your child's cubby in the hallway are for your child's hat and mittens. If you can put them in there in the morning at drop off, it makes it easier for us when it's time to get ready.

### *Classroom Website*

Our class website is finally up and ready! Please go to [seas-school.org](http://seas-school.org), then go to *SEAS Preschool, Classroom Pages*, and then *Mrs. Lillie's Class*. Once there you can click on the links to explore our class page. Please let me know if you have any questions. I left the link to the caterpillars on there from this past spring, in case you wanted to take a peek of what we do in the spring:)

As always please let me know if you have any questions or concerns. Also just wanted to say thanks for sharing your preschoolers with me! They are such great kiddos!
